

DARIUS YEUNG

Cybersecurity Architect | SOC, Risk, Vulnerability, IT Audit & AI Security Specialist | Cor. Sec. @ SD ISSA
San Diego, CA, 92126 | dyeung0708@gmail.com | linkedin.com/in/darius-yeung | (816) 868-6648

SUMMARY

Cybersecurity professional with hands-on experience in cloud security, SOC operations, vulnerability management, risk assessment, compliance audits, and incident response. Proven ability to reduce threats, ensure regulatory compliance, and optimize security operations. Actively building expertise in AI security to help organizations secure AI-driven systems and emerging threat surfaces.

TECHNICAL SKILLS

AWS, GCP, & Microsoft Azure	C, C++, Python, Java, x86 Assembly	Zeek, Wireshark & Nmap
Zero Trust Architecture	Windows 7, 8, 10, 11 & Server	Nessus Tenable & OpenVAS
SOC Implementation with SIEM	Ubuntu 24.04, 25.04 & Kali Linux	Burp Suite & Metasploitable
Security Audits (SOC I, II, III)	Windows Event Viewer & Linux Syslog	Third-Party Risk Management
MITRE ATT&CK & MITRE ATLAS	AI/ML Security Fundamentals	

PROFESSIONAL EXPERIENCE

Cybersecurity Architect at General Atomics (GA-ASI) Jul 2026 – Present

- Joining the Systems Cybersecurity Engineering department to support security architecture for Unmanned Aerial Systems (UAS), spanning aircraft, datalinks, sensor payloads, and ground control stations.
- Will support the Risk Management Framework (RMF) process end-to-end, from defining security requirements through implementation, testing, and Authorization to Operate (ATO).

Cyber Security Analyst at Vuori (Contract) Sep 2025 – Nov 2025

- Delivered security awareness training via KnowBe4; reduced phishing susceptibility by 40%.
- Ran phishing simulations and cyber activities for Security Awareness Month.
- Supported threat monitoring and Rapid7 vulnerability scans.
- Remediated vulnerabilities and strengthened endpoint security posture.
- Assisted with access management, policy updates, and internal audits.
- Analyzed SOC II reports and performed third-party risk assessments via OneTrust.

Cyber Security Analyst — Center for Cybersecurity Eng. & Tech., USD Sep 2023 – May 2025

- Secured cloud infrastructure on AWS, Microsoft Azure, and OpenStack; reduced security incidents by 30%.
- Led vulnerability assessments and penetration testing using OWASP and MITRE ATT&CK frameworks.
- Implemented STIG hardening and authored ISSPs to meet compliance standards.
- Drove incident response and forensic analysis; reduced resolution time by 20%.
- Completed NIST, ISO 27001, and CMMC audits with 100% compliance.
- Integrated SIEM solutions for real-time threat detection and response.

Helpdesk Analyst & Store Associate — MeMe Tea & Desserts Oct 2020 – Present

- Developed and maintained a disaster recovery plan ensuring business continuity.
- Troubleshoot POS systems and third-party delivery platforms, improving operational uptime.
- Trained staff on technology use and security procedures, reinforcing cybersecurity awareness.
- Resolved technical issues efficiently, demonstrating strong problem-solving and communication skills.

EDUCATION & CERTIFICATIONS

University of San Diego (USD) Sep 2023 – May 2025

Master's of Science in Cybersecurity Engineering

- GPA: 4.0

University of San Diego (USD) Sep 2021 – May 2024

Bachelor's of Science in Computer Science, Minor in Mathematics

- GPA: 3.4

Anthropic Academy – Introduction to Model Context Protocol (MCP)	June 18, 2026
Anthropic Academy – Introduction to Subagents	May 28, 2026
CompTIA – Security Analytics Professional (CSAP)	May 18, 2026 – May 18, 2029
CompTIA – CySA+	May 18, 2026 – May 18, 2029
Anthropic Academy – Introduction to Agent Skills	May 5, 2026
Anthropic Academy – AI Fluency: Framework and Foundation	Mar 23, 2026
AWS – Fundamentals of ML and AI	Jan 16, 2026
ISC2 – CC	Jan 5, 2026 – Jan 31, 2029
CompTIA – Security+	October 22, 2024 – May 18, 2029
